A NEWSLETTER FOR ALUMNI AND FRIENDS OF ST. MARY'S SCHOOL, SLEEPY EYE, MN • VOLUME 34 • NUMBER 1 • SPRING 2018

100th Anniversary of the First Graduating Class of St. Mary's High School ~ The Class of 1918 ~

Life was vastly different in the United States one hundred years ago. Pope Benedict XV was head of the Catholic Church, Woodrow Wilson was the President, Congress established time zones and daylight savings time, and World War I reached its conclusion. You could buy a new Model T Ford for \$500 with gas costing you \$0.43 per gallon. Milk was \$0.56 a gallon, a loaf of bread was \$0.10

to the assembly from the southeast room. The northeast room was equipped as a science laboratory. Further dramatic attempts - Shakespeare's "Merchant of Venice" was portrayed with considerable skill.

We then entered on our Senior Year which marks an event in the history of our parish- the graduation of the first class of Saint Mary High School. Eleven opinions clashed in the decision on - Class Rings versus Class Pins. Another unprecedented event was the Junior-Senior Luncheon, which has become a school tradition. Class Day dawned with the planting of the class vine, the reading of the class will and prophecy. The latter has not been wholly fulfilled, but each member has been quite successful in his own way. Each of the eleven continued his education in some institution of higher learning; four of the eleven receiving scholastic degrees; three of these awards came from Catholic Colleges.

Much has changed since the Class of 1918 graduated from St. Mary's. However, the spirit of dedication, commitment, and faith that made it possible to offer a Catholic education in Sleepy Eye remains as strong today as it did one hundred years ago. As we remember the eleven members of the Class of 1918, we are reminded of all those who so generously gave of their time, talent, and treasures in order to build St. Mary's Catholic School so that, a century later, the Class of 2018 can proudly be the one hundredth graduating class!

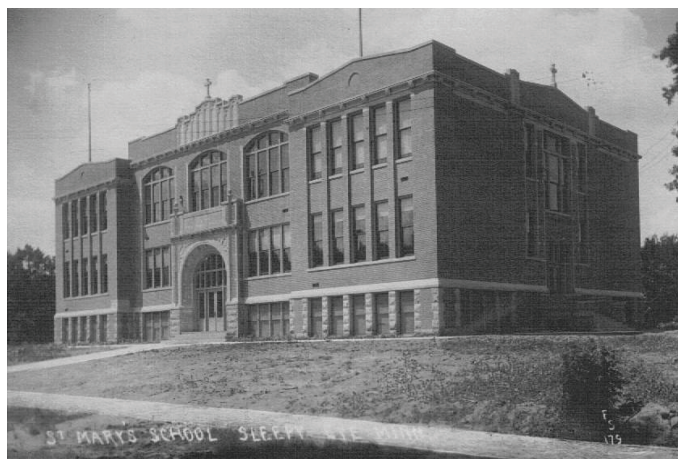

and a first class postage stamp was \$0.03. And, in Sleepy Eye, Minnesota, St. Mary's Catholic School celebrated its very first graduating class!

The following excerpt written by Orlene Raverty ('18) is taken from the Ten Year Book 1928:

Spring of 1914 witnessed an eager group of eighth graders watching what to them was the slow progress of the new edifice being erected on the hill at the north end of Fifth Street. When the temptation became too strong and the wistful eyes gazed out of the windows of the north upper room of the "old school," Sister Fredrica required the guilty party to use his coat, in lieu of a curtain, to shut out the view opposite. Even then the sound of construction thrilled their young hearts.

During the fall of our Freshman Year we still occupied the "little red school" and it was with the self-reliance and initiative of trail-blazing pioneers that we took possession of the new domain at Christmas time.

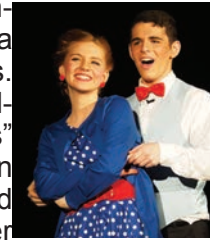

....Junior year marked the progression of three classes

2018 High School Musical Production "BYE BYE BIRDIE"

The year was 1958. Trouble was brewing for agent and songwriter Albert Peterson (**Kyle McKeown**, son of **Mike** and **Gina**). His rock and roll superstar, Conrad Birdie (**Dalton Meyer**, son of **Ernie** and **Missi Meyer**), had just been drafted in to the Army. Albert's secretary and sweetheart, Rosie Alvarez (**Lyndsey Goblirsch**, daughter of **Rob** and **Kathy**) devised a final publicity stunt to have Conrad Birdie record and perform a song before he is sent overseas. They plan to have Birdie sing Albert's new song "One Last Kiss" and give one lucky girl from his fan

club a real "last kiss" on The Ed Sullivan Show. However, when Conrad arrives in the small town of Sweet Apple to kiss the winner, Kim (**Kira DeMaris**, daughter of **Scott DeMaris** and **Mary Kay Bougie**), misunderstandings and mishaps abound! However, Albert and Rosie find their happy ending as the town of Sweet Apple wishes "Bye Bye Birdie" to Conrad. Directed by **Geri (Carr '02) Pelzel**, this musical production was filled with fantastic music, dancing and an impressive cast and crew. In addition to Pelzel's talent as the show's director, she was assisted by a gifted group of volunteers. According to Pelzel, "We were privileged enough to have the opportunity to work with choreographer, **Gary Sassenberg** again, and as always, he did not disappoint." Vocal directors, **Rachel Moldan** and **Sean Connolly**, also offered their time, talent and dedication to the students in order to produce an amazing show. Bye Bye Birdie was performed at St. Mary's Catholic School on March 23-25 which once again included the Dinner Theater Saturday evening.

From the Development Director, Chris (Berkner '81) Heiderscheidt

As depicted on the front cover of this issue, the class of 2018 marks 100 years since our first graduating class of 1918. I find it interesting that the two students who were selected homecoming king and queen are also the valedictorian (**Crystal Portner**) and salutatorian (**Luke Miller**), as determined by their GPA. I do believe this may be a first for our school.

Our school exists to assist parents in passing on the Catholic faith. Our teachers work hard to do this in addition to providing a quality education. We need to increase their salaries without a drastic increase to tuition. Your gift to the annual appeal fund makes this possible. Please help us to reach our goal of \$100,000 by June 30. We truly appreciate all you do for St. Mary's Catholic School!

STATE SCIENCE FAIR 2018

Congratulations to the following students who competed in the 81st Annual Minnesota State Science and Engineering Fair in Brooklyn Park, MN on April 8-10, 2018. All of the students were awarded medals for qualifying to compete at the State Science Fair. Natalie Marti and Elizabeth Schwint were awarded the Bronze Grand Award which recognizes excellence in scientific research. Natalie's project was *Does the Type of Wood Affect Heat Value and Other Qualities?* Elizabeth's project was *Does Saturation Affect Turbidity When Using Different Types of Buffers?* Elizabeth also received the Seagate Emerging Scientist Award which recognizes excellent scientific research conducted by students competing for the first time. The Gold is awarded to the top 5% of projects presented at MSSEF, the next 10% receive Silver Awards, and the next 15% of projects receive the Bronze Award. We are proud of these students and their instructor **Mrs. Patti Braulick**.

BELTZ SIGNS D-1 LETTER OF INTENT

Photo credit: Sleepy Eye Herald Dispatch

Ali Beltz was four years old when she first laced up her skates and stepped onto the ice. Now a St. Mary's High School senior, Beltz led her New Ulm Eagles team to a 23-6-1 record, a Section 2A title and a

trip to the Minnesota State High School Hockey Tournament. She also led the state of Minnesota (boys and girls) in scoring this season with 61 goals and 32 assists. Beltz earned the Herb Brooks Award, given to the best Minnesota hockey player.

Her success on the ice led the University of Maine, ranked 13th overall for all D-I hockey teams, to invite Beltz to visit their school. Beltz liked the D-I college so much that she verbally committed to play for the Black Bears next season, becoming the second girl in the history of the New Ulm hockey program and the first from Sleepy Eye to play D-I hockey. On April 17, 2018, Beltz officially signed her letter of intent for the University of Maine in front of her parents, **Jody** and **Vicky**, and her Eagles hockey coach, **Kristin Faber**. In addition to playing hockey, she plans to major in pre-physical therapy.

Beltz's career high school marks include 123 goals and 89 assists for 212 points. It will be thrilling to follow her career as a University of Maine Black Bear and watch as Beltz accomplishes even more of her "goals," both on and off the ice. Congratulations Ali!

REMEMBER ST. MARY'S SCHOOL IN YOUR WILL—Leaving a special gift for your alma mater in your will allows you to make a difference after you're gone. Please remember St. Mary's Catholic School in your will.

Dear Alumni and Friends of St. Mary's School,

In this message I would like to highlight the importance of all those who work in our school. Each one of them is important and valuable to our school. They work hard and are dedicated. They care deeply about the students. That doesn't mean that any one of us is perfect; we make mistakes. One of the things that we need to do as parishioners, alumni and parents is support them. I am sure they are not looking for affirmation, but everyone likes a "thank you," a personal note or a telephone call expressing appreciation. Let us strive to be supportive.

A fund was set up to show our appreciation to the teachers and staff whereas 80% of the interest is distributed annually to the staff as a sign of appreci-

ation and to augment an income that was less than what they could make in a public school or other school. This fund (Staff Endowment Fund) has grown to \$1,300,000. While that seems like a handsome sum, when all is said and done that only generates about \$25,000 a year to be distributed on a pro-rated basis to the staff. For a number of years I have been advised to cap that fund so that the money donated could be used to increase the present salaries of the teachers and staff that lag increasingly behind more and more in the public sector. Therefore, as of July 1, 2018, gifts to the Staff Endowment Fund will be directed to the Annual Appeal Fund which goes directly to the budget to increase the salaries of the personnel.
