

## PRINCIPAL'S MESSAGE –

Mr. Peter Roufs—[mr.roufs@sesmschool.com](mailto:mr.roufs@sesmschool.com)

The school year has begun very well. The middle school students have responded well to what is being asked of them. We are excited to continue the enrichment day each semester for the middle school students. This semester they will be involved in a forensic/science/law enforcement activity. I thank Mrs. Windschitl, Mrs. Tauer, and Mrs. Botz for their role in making this day happen. Please reach out to me with any questions you may have and I thank all of you for your support. God bless!

## COUNSELOR'S MESSAGE—

Mrs. Christensen —[mrs.christensen@sesmschool.com](mailto:mrs.christensen@sesmschool.com)

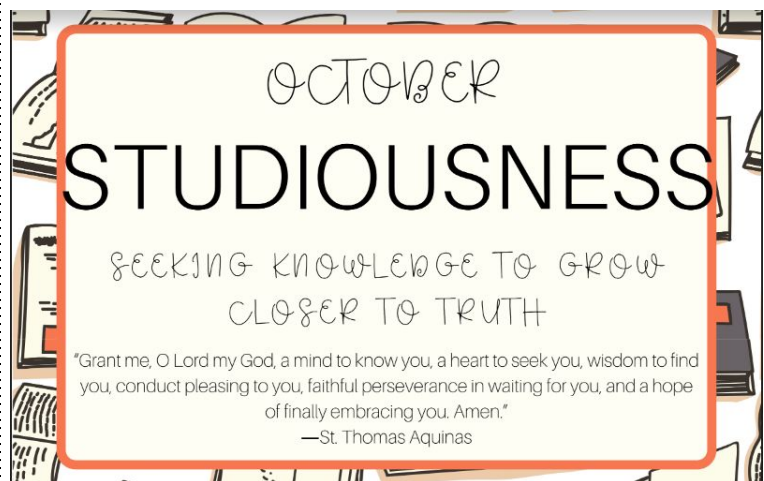

I am so proud of your son or daughter! Fall NWEA testing was held at the end of September. Students were tested in three academic areas: math, reading and language arts. Overall, students were focused and tried their best! Once the results are processed, middle school teachers will meet as a staff and review the results. Teachers use this data to identify what specific academic needs students have. Additionally, the middle school teachers will meet individually with each student to review his or her scores, set winter goals and listen to any concerns students may have. NWEA results will be attached to the 1st quarter report cards. Please contact me if you have any questions or concerns.
